Dropshipping is a business model where you take orders on your ecommerce store and your supplier or vendor is responsible for shipping the items to the end customer. You don't have to store or deliver anything physical at all. You simply make sales and the rest of the process (mainly fulfillment and distribution) is handled by a supplier.

Dropshipping For Beginners: The Complete Starter GUIDE!

In short, dropshipping is the act of selling a product on your website without actually handling its fulfillment and shipping. Another key benefit of dropshipping is that you don't pay for the product until the customer pays for it, making dropshipping an attractive option for people who don't want to spend a lot on initial inventory or who don't want to risk buying products that won't sell.
