Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

E Study Guide For Healthcare

Corresponding to the chapters in the 12 th edition of Lowdermilk's market-leading Maternity & Women's Health Care, this study guide offers a complete review of content and a wide range of activities to help you understand key nursing concepts and apply your knowledge. It includes critical thinking exercises, multiple-choice and matching questions, and more; answers are included in the back of the book.
