### OEM Nissan / Infiniti Manual Transmission Fluid MTF ...

Checking the fluid on a manual transmission will usually require a jack to access a plug located beneath the car. For most drivers, a visit to our service center near New Braunfels is a better option. If your vehicle delays before shifting gears, it could be due to low transmission fluid. However, it could also be a sign of a more serious problem.

### How to Check Your Transmission Fluid | INFINITI Service in ...

Many Infiniti G35 owners will tell you they have forgone an essential transmission fluid change since their last visit to the dealership resulted in a bill of more than \$500 for the service. This could shorten their car's lifespan because transmission fluid is essential to maintaining the transmission system. ...

NOTE:Do NOT use GL5 transmission fluid. It will damage the synchros in the Nissan transmission. You need GL4 fluid. Most fluid you buy at autoparts

stores is GL5. I recommend a mixture of 2 quarts Redline MTL (70W-80) and 2 quarts Redline MT-90 (75W-90), as Nissan calls for 75W-85 oil. Jack up car and place on jackstands.

Before adding transmission fluid, make sure that your engine was running when you checked the fluid level. If the transmission fluid level on your G35 is low, you need to add fluid through the dipstick tube. Infiniti has been developed sophisticated transmissions through years and it is critical that you add the exact type of transmission fluid stipulated by your owner's manual (typically in the back of the manual in a section titled Fluid Capacities.)

To get an Infiniti with a manual transmission, you have to opt for the Q60S Coupe — and there's some chance that model won't retain its manual when it's redesigned next year. Finally, Cadillac's sole manual transmission is offered in the ATS, while Buick only offers a stick shift in front-wheel-drive versions of its sporty Regal GS .
