Viper Support Center

There were no manuals for the remote starter. I was trying to get it to work. The car had 2 remotes. One is a Toyota and the other is the Viper. The regular remote works and opens, closes door. I was trying to get the remote starter working. I know the battery on the FOB is good - cos when I press any button the LED lights up.

How to program Viper 474V remote control? - JustAnswer

I need instructions to reprogram two of my three 474v remotes for a Viper 771xv alarm/keyless entry/remote start. One remote works normally all the time. The other two might unlock the vehicle but won't lock the doors or operate the remote start.I want to program the lock, unlock, and remote start functions.
